

REMARKS

Upon a review of claims in this case, it was found that the added limitation in Claims 2 of the opening having a "racetrack" shape was too limiting in that a rectangular opening would suffice as easily. This added limitation had nothing to do with the reasons for allowability of the claim, but certainly did have something to do with the scope of the claim. Thus, claim 2 has been broadened by replacing "racetrack" with elongated. Support for this added wording is found in Figs 1, 2, 3 and 6 and in the specification in the paragraph spanning pages 5 and 6 of the original specification.

During the telephone interview, the Examiner agreed with the change to Claim 2 being made, and she agreed that such change would not effect the patentability of Claim 1.

Claim 11 has also been amended to correct a typographical error.

For the foregoing reasons, it is submitted that the requirements of Rule 1.312 have been met and the entering of this amendment should be allowed..
